Reassessment Parameters

- All students should have opportunities to demonstrate greater understanding, regardless of the grade earned on the original assignment.
- Not all assignments are eligible for reassessment; the teacher designates which assignments are eligible based on the content standards of the course. In accordance with Rule 5120: Enrollment and Attendance, teachers are not required to provide make-up work to students absent for unlawful reasons
- Assignments should be submitted on time (by the deadline) and show a reasonable effort for the assignment to be eligible to be redone
- Teachers should provide students with timely feedback and additional opportunities to learn prior to students' resubmission of assignments
- Reassessment opportunities may occur partially, entirely, or in a different format as determined by the teacher. Only the higher scores should be included in the students' marking period grade
- Students will be provided a minimum of one and maximum of two reassessment opportunities prior to the printing of interim reports

and

a minimum of one and maximum of two reassessment opportunities after the printing of interim reports and before the closing of grades for the marking period

- Summative unit assessments cannot be retaken or redone. This includes end-of-unit and end-of-semester/marking period assessments in all courses.
