➢ In honor of Black History Month, today we celebrate Harriet Tubman. Harriet Tubman, the influential “conductor” of the Underground Railroad, will be the first African-American woman to appear on U.S. currency when her likeness appears on the $20 bill in coming years. She led hundreds of slaves out of the South to freedom and each journey and every person mattered. “I was the conductor of the Underground Railroad for eight years, and I can say what most conductors can’t,” she said. “I never ran a train off the track and I never lost a passenger.” Stop by the bulletin board outside of the library to learn more.

➢ In honor of Black History Month, we will start each week with a recommendation to add to your reading list. Stop by the library today to check out this and other featured titles.

   Today’s featured Black History Month selection is…
- *March* by John Lewis

  Written by Activist and Congressman John Lewis, *March* reminds us why it is so important to stand up for what we believe in. In a time where many feel stifled and silenced, *March* gives us hope that through protest, community, conversation, and unity, the change we seek will come to fruition.

  The three volume graphic novel series *March* is a vivid first-hand
account of John Lewis’ lifelong struggle for civil and human rights, meditating in the modern age on the distance traveled since the days of Jim Crow and segregation. Rooted in Lewis’ personal story, it also reflects on the highs and lows of the broader civil rights movement.

**SAT Word of the Week**

**MILiEU** (pronounced: “meel-YOO”)—a noun meaning “environment, surroundings, culture”

“Many people find the general MILiEU of the nightclub—with loud music, crowds, and strobing lights—to be invigorating; just as many find it slightly exhausting.”
